<sup>\*</sup> Medical Service Study Areas as defined by Office of Statewide Health Planning and Development (OSHPD).

<sup>\*\*</sup> The proportion of advanced stage cervical cancers is significantly higher than in the comparison group (PIR p<0.01).

<sup>\*\*\*</sup> Patient to primary care physician ratio only provided for areas designated as Primary Care Shortage Areas by OSHPD. (Civilian Populaton:1 Physician). Note: Statistical significance was not calculated for PIRs based on fewer than 15 total cervical cancer cases. Study results have been suppressed.
