Summary Stage Presentations

The CCR is pleased to announce six Summary Stage presentations have been posted to the CCR website. You will find presentations on coding Summary Stage for:

1. Breast
2. Colon
3. Melanoma
4. Corpus Uteri
5. Lung, and
6. Prostate

Presentations were created by the Centers for Disease Control (CDC) & the National Program of Cancer Registries (NPCR). Each presentation begins with a brief general overview of Summary Stage and segues into the site specific instructions.

For each topic, the presentations are available in the following two formats:

1. A pdf Handout version with notes, and
2. A pdf version of the PowerPoint with speaker note annotations
