Data Alert DA 2014-014

Published: CCR Software Vendor Approval Report - 2014

The California Cancer Registry has published the *CCR Software Vendor Approval Report - 2014* ([see attached PDF document](#)).

This report is updated for every monthly Production meeting between the CCR, State, and Regional Directors, and also on an as-needed basis when there are updates from vendors or the CCR - until all current CA vendors have been approved. Whenever the report is updated, it is distributed via this notification system and also published to the ccrcal.org website.
