Visually Edited Data Items for 2014

Please note that the Visually Edited Data Items for 2014, effective 7/1/2014, has been finalized. Changes to the Visually Edited Data Items for 2014 are outlined below:

- Gender - removed
- Behavior - added
    - Abstractors will receive feedback only on any discrepancies until 12/31/2014
- CS Site Specific Factors 1-25 - clarification added
    - CCR required site specific factors are the only site specific factors that will be visually edited.

The document titled, "*Visually Edited Data Items for 2014 Data Changes*" has been added to the Registrar Resources page of the ccrcal.org website and can be viewed by clicking HERE.
