## COMPREHENSIVE ICD-10-CM Casefinding Code List for Reportable Tumors

2019-2020 List (Effective dates: 10/1/2018-9/30/2020)

To view the California Cancer Registry's 2019-2020 Casefinding List, click [here](#).

New additions are highlighted in yellow. The two casefinding lists were recently obtained from SEER and have been combined into one document for your convenience. There is no difference between the two. It is provided at this time to assist you in your casefinding activities in early 2020.
