## COMPREHENSIVE ICD-10-CM Casefinding Code List for Reportable Tumors 2019-2020 List (Effective dates: 10/1/2018-9/30/2020) *Revision to list*

Please make note... a revision has been made to the California Cancer Registry's 2019-2020 Casefinding List.

To access the corrected lists, click here.

A typo has been found and updated within the document. The line now reads:

C00.- - C43.-, C4A.-, C45.- - C48.-, <b>C49.-</b> <b>-C96.-</b>
---

Malignant neoplasms (excluding category C44 and C49.A), stated or presumed to be primary (of specified site) and certain specified histologies
--

As a reminder, annual additions are highlighted in yellow.

Please find the SEER Casefinding List for 2019 at the following link:  
<https://seer.cancer.gov/tools/casefinding/fy2019-casefindinglist-icd10cm.pdf>

Volume I, Appendix G has been updated.
