Data Alert – Registrar 2021-07 - *REVISED
Do NOT Transmit 2021 Cases

Do not transmit 2021 cases until you have been notified by the CCR that we are ready to receive 2021 cases and your software vendor has upgraded to v21.

*Cases diagnosed prior to 2021, but first seen in 2021 can be set to complete and transmitted in the current v18 software.

NOTE: Cases diagnosed in 2021 that are transmitted in a previous record layout version (i.e. v18) will be REJECTED by Eureka.
