

**Quality Control Unit
Data Alert – 2022-21
COMPREHENSIVE ICD-10-CM
Casefinding Code List for Reportable Tumors
2022-2023 List (Effective dates: 10/01/2022-09/30/2023)**

Please find the Casefinding List for 2023 at the following link: <https://seer.cancer.gov/tools/casefinding/>. This list is provided at this time to assist you in your casefinding activities in early 2023. Updates have also been made to the Supplemental List ICD-10-CM lists and not are not listed here. **Please access the link above for specific updates.**

The updates include:

- No new reportable codes for the 2023 list.
- No changes to the reportable list. Although some of the D codes (for benign neoplasms that became malignant neoplasms) were moved to the supplemental list.
- Codes on the supplemental list were removed because they were felt to not be meaningful.

Volume I, Appendix G will be updated with these lists in the next release, currently expected for May of 2023.
