New CCR "Q-Tip" Posted to FLccSC

Brain Clinical and Pathological Grade Coding Clarifications

This Q-Tip provides information for coding clinical and pathological grade for primary brain tumors. The document focuses on the most common coding issues that were found in a recent CCR Audit. This Q-Tip is the last in a series to be published for brain cancers and is in Chapter 3 of the course "Q-Tip Series – Primary Brain Cancer Coding Clarifications – Surgery, SSDIs, Grade".

- If you have already enrolled in the course, go to your "Enrolled Courses" tab, open the course, and proceed to Chapter 3 to download the Q-Tip.
- If you still need to enroll in the course, it can be found on your "Available Courses" tab under the Course Category "CCR Q-Tips."

Other FLccSC Reminders:

- The **2022/23 NAACCR Webinar Series** recordings are being posted as they become available and will be found under the category "NAACCR Webinars 2022 to 2023 Season". Earn FREE CEs!
- The **2021/22 NAACCR Webinar Series** is posted to FLccSC and can be found under the category "NAACCR Webinars 2021 to 2022 Season".
- REMINDER: CCR 2022 Data Changes Presentation is available. Learn about important changes for 2022 and earn .75 NCRA CEs.
- Check out the course category "Education from Other States" for more courses and free CEs!

If you do not have a FLccSC user account, use the link below to access the FLccSC login page and click the box "New Users – Register here" in the bottom right hand corner and set up your profile.
