Data Alert - Registrar
2017-008

Submitting Cases Diagnosed in 2017

There are no Data Changes for 2017. Registrars may continue to transmit cases with a 2017 date of diagnosis utilizing their current 2016 cancer reporting software.

As a reminder, Registrars are to submit cancer cases utilizing ONLY the vendor software approved by the California Cancer Registry (CCR). Please refer to the Software Vendor Approval list posted to the ccrcal website (click here).
